Although included in the productivity table, it does not add to the final points.

3) An article published in the TOP journal list from the *Shanghai Global Ranking of Academic Subjects\** in the category of *Hospitality and Tourism Management* will have a funding of 1000 €. Although included in the productivity table, this article does not double count in the final points. Only one article in this position will be counted for this extra funding. Although included in the productivity table, it does not add to the final points.

4) The maximum total amount of annual funding is 1750 €, considering the amount from notes 2) or 3) and the amount from the total points in the table.

**Please note that:** Publications in predatory journals or journals with dubious quality (grey literature) will not be scored or considered for funding (in the UALG library, there is staff available to clarify any doubts).
